### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: the claimed subject matter in claims 1-30 is allowable because the arts of record fail to teach or fairly suggest the claimed "method comprising: deleting (claimed compressing in claims 11 and 23) selected samples of data from the buffer in response to storage capacity being exceeded and reconstitute (claimed decompressing) the selected samples of the deleted data" as in claims 1,8,9,10, 11, 16, (apparatus) 23 (apparatus), and 28.

2. It should be noted that the control buffer 510 deletes selected samples (compresses as in claims 11 and 23 ) from the sample buffer 505 and sends the precise starting the ending location of any deleted samples and transfer this information to a receive software running unit 315 along the remaining samples from the buffer 505 such that the deleted data can be reconstituted (decompressed as in claims 11 and 23) . See pages 15 starting line 21 through page 17, line 13 and figures 3 and 5.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***
